## PERFUMES 100% Natural

All Vivre Ensemble fragrances are packaged and shipped by the ESAT La Bastide from Châteauneuf-Grasse, which employs people with disabilities. This organization places the human component at the very heart of its actions to highlight the skills and potential of each individual and to develop a benevolent, respectful and positive attitude. We are delighted to join in with their initiative.

**Vivre Ensemble** represents a range of singular and exceptional perfumes.

Designed by the French Riviera's greatest noses, and respectful of nature and people, Vivre Ensemble reveals the secret of fine essences such as Bergamot, Iris, Patchouli and Oud.

100% natural and made in Grasse, world capital of perfume, these perfumes don't contain any synthetic fragrance and their alcohol is organic. They are truly unique through their unisex olfactory aesthetics and their healthy raw materials.

Vivre Ensemble perfumes offer a harmonious blend of fragrances for men and women, which enchants the senses, uplifts the spirit and invites its wearer to a moment of shared peace, essential to the bonds that hold us together.

OUR DNA

A philosophy, a state of being, a word, Peace, that's what inspired the journey. Attached to this invaluable cause, Vivre Ensemble was born from the idea of designing a fragrance to spread a message of Peace, the scent of harmony and to breathe the same air.
